CAREER OBJECTIVE

Computer Science student with strong foundation in Data Structures and Backend Development, passionate about building scalable backend systems using Java and Spring Boot. Seeking opportunities to apply problem-solving skills in real-world software environments and contribute effectively to team-driven projects. Eager to continuously learn emerging technologies and enhance expertise in backend system design and development.

EDUCATION

VIT-AP University, Andhra Pradesh	2022–2027
Integrated M.Tech in Computer Science and Engineering	CGPA: 8.56
Bhashyam Junior College, Andhra Pradesh	2020–2022
Intermediate Education	94.4%
Bhashyam High School, Andhra Pradesh	2020
Secondary School Education	97.5%

TECHNICAL SKILLS

Languages: Java, Python, SQL

Web Technologies: HTML, CSS

Frameworks: Spring Boot, REST APIs

Core Concepts: Data Structures, OOPS, OS, Computer Networks, DBMS

Tools: Git, GitHub, Docker, VS Code, Eclipse

Soft Skills: Problem-Solving, Team Collaboration, Communication, Adaptability, Time Management

PROJECTS

Automatic Timetable Generator ([link](#))

Technologies: Java, Spring Boot, REST APIs

- Developed scalable web-based system to generate conflict-free academic timetables across departments.
- Implemented constraint-based scheduling algorithms to eliminate faculty and classroom overlaps.
- Designed RESTful APIs with validation and layered architecture principles.

Lost and Found Management System ([link](#))

Technologies: Java, Spring Boot, REST APIs

- Built backend application to manage reporting and tracking of lost and found items.
- Implemented REST APIs supporting CRUD operations with structured JSON responses.
- Applied modular service-layer architecture with validation and exception handling.

Smart Beverage Sugar Analysis

Technologies: IoT Sensors, Embedded Systems

- Designed IoT-based system to estimate sugar concentration using real-time sensor data.
- Integrated sensors with processing modules for continuous monitoring.
- Implemented logging and dashboard visualization for performance analysis.

CERTIFICATIONS

Google Cloud Computing Foundations – [Link](#)

LEADERSHIP & ACTIVITIES

Active member of Comedy Club; participated in campus cultural events.
Collaborated in organizing student programs.
